Presentation

Organic RAW Crackers

VitaOrganic is a brand dedicated to organic and natural food products.

Bio Planet Bulgaria Ltd. is international export oriented company with activities in FMCG and particularly in food industry owner of VitaOrganic trade mark.

We are proud to present you our new range of handmade, organic, RAW Crackers.

vitaorganic

VitaOrganic quality stamp could be found on each package of Organic, RAW Crackers under our brand.

Our crackers are a handmade mixture of sprouted seeds full of precious nutrients, fibers and essential fatty acids, sun grown vegetables, super foods and tasty seasonings. All vegan and gluten free, grown with care for the earth.

RAW

As every raw food they bring vitality and good nutrition. All ingredients are organic and thus free from artificial substances. During the activation of the seeds, when the sprouts wake up, special processes take place that enrich them with nutrients.

Gently mixed with love and care and slowly dried at low temperatures not exceeding 42° C to keep all nutrients alive.

SUPERFOODS IN OUR CRACKERS

Superfoods are a natural source of many essential nutrients, beneficial for our bodies. A single superfood can contain more than ten precious ingredients.

To learn more about superfoods please ask our team for assistance.
